FORMER TONOPAH GIRL MARRIED AT TRUCKEE

Miss Mollie Hogan, formerly of Tonopah, and Henry Charbonneau, of Reno, were united in marriage last Sunday at Truckee by the Rev. Father Horgan. Miss Hogan, while in Tonopah, was employed by the Western Union Telegraph company, and during her residence in Reno has also been with the same company. A sister, Mrs. J. E. Busch, died at Rhyolite over a year ago. The couple will take their residence in Reno.

When your best girl begins to show you the easy-payment-plan furniture advertisements in the back of the magazines it's time to either get busy or ring off.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles
Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, K1206 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has a great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

NOTICE OF FORFEITURE

To Robert E. Kuhns, four heirs and assigns:

You are hereby notified that the undersigned has expended in labor and improvements \$800 during the year 1909, \$800 during the year 1909, on the following named quartz claims: The Revelation, Vanderbilt, Vulture, Fourth of July No. 1, Combination No. 8, Last Chance No. 7, Quartz King No. 2 and Carnero, situated in Tonopah mining district, Nye county, state of Nevada, under the provisions of Section 2324 of the Revised Statutes of the United States of America, and January 22, 1909, concerning annual labor on mining claims. The location certificates of the above claims are duly recorded in the county recorder's office of Nye county, state of Nevada. Said expenditure was the amount necessary to hold said mining claims during the aforesaid years. And if within 90 days from the date of the first publication of this notice you fail or refuse to contribute your portion of such expenditure as a co-owner, which amounts to \$800, together with the cost of this advertisement your interest in said claims will become the property of the subscriber, your co-owner, who has made the expenditure and improvements as above mentioned. Dated at Tonopah, Nevada, this 6th day of October, 1910.

RAILROAD TO SMITH VALLEY ON SCHEDULE

By comparison the present progress of Copper Belt construction is certainly encouraging. Whereas four months' time was consumed in laying the fourteen miles of steel to Mason, the first six miles to the south of this place has been completed in thirty days, with a smaller outfit in point of numbers.

It is certainly a big advantage to have the material on hand, as now. Steel has been kept coming on time, while all ties and miscellaneous material for the Smithvale lap has been drawn from the stores at Mason.

No delays have been experienced to date and none in prospect at present; it will not be long before January 1, 1911, that passenger and freight service goes into effect in Smith valley. The tariffs for this service are out, and will be issued shortly. A passenger train that arrives here early in the morning will continue to Smithvale, arriving there between 7 and 8 o'clock, and depart about 2 o'clock in the afternoon, giving Smith valley the same excellent connections enjoyed at Mason. All mail now reaching there at 9 o'clock p. m. will be received at an early hour of the same day, an advantage of fifteen hours over the present mail service.

The track crew is now but a mile this side of the George Wilson ranch; some records are being broken for the kind of crew and equipment; on yesterday 2300 feet of track was put down, which is the best day's work.

Agent C. B. Newcomb reports a healthy sign for Mason, in the gradual increase in merchandise shipments to this point, an indication of continual growth in sales by the local business men.—Mason Valley News.

GRASPING CORPORATION IS NOW SQUEALING

The Wells-Fargo company is now squealing. For years this gigantic octopus has robbed the people of Nevada, and now that the people want the company to bear a half-way rightful proportion of the taxes to maintain state and county gov-

ernment, it squeals like a stuck pig, and puts up the plea that it is being discriminated against, that it should not be compelled to pay the tax levied upon it at the last meeting of the state board of assessors.

The gall of the concern!!!! One or two exclamation points does not suffice to express the contempt the people of this county entertain for such excuses. They, better than anyone else, know that the Wells-Fargo company has been holding them up for years, and they propose that the band of highwaymen gathered together under the title of an express company shall pay a just proportion of the taxes. Let the fight go on. There is not a taxpayer in this county who will not willingly see the county expend money in compelling this band of highwaymen to come to time. In the meantime, many of the people, those who have been afforded the privilege of a competing express company, will refuse longer to be robbed by the Wells-Fargo company.—Wells Herald.

CHANGES NEEDED

IN WILDCAT LAW

One of the things the next legislature ought to do is to perfect the wildcat law, says the Reno Journal. Mining men say that it is admirable in intent and motive, but defective in some spots, because of particular requirements. For instance, the law provides in one part that there shall be a report of five months and a second report of six months, making eleven months in the year reported on. Then, again, it provides for a report on the first of November for the preceding six months. That gives twenty-four hours for a report from companies which often have claims hundreds of miles distant from the main office. Then, again, it requires specifications of all and singular, great and small, the buildings erected on the claims since the last report. This provision, to be literally carried out, does no particular good. If it included only the substantial mining buildings it would not be so bad.

The wildcat law as a whole is a good one. It does and has done good work. There is more legitimate mining in Nevada today than ever before because there is no chance for illegitimate mining by means of fake stock issues. But it is just as well to make the law reasonable and easy of compliance, for then it will be more generally and fairly observed.

RECEIVER FOR MANHATTAN LEASE IS DISMISSED

CHAPMAN-POAK-STEEN MATTER
IS SETTLED OUT OF
COURT.

A settlement out of court was made yesterday in the case of Cecil Chapman versus A. J. Poak and O. B. Steen, in the controversy over the receivership appointed to manage the lease of the three parties at issue at Manhattan. The receiver was appointed at the request of Chapman, who stated that no accounting had been made of the moneys received from the first shipment of bullion. It later appeared that an agreement had been made between the three that the first money received was to be used in development work, and Poak and Steen objected to a division on this ground. L. L. Mushett was appointed receiver by Judge Averill and has since been managing the lease. Yesterday the three parties at issue effected a compromise and the matter was brought before Judge Averill, who issued an order removing the receiver from charge. Messrs. Poak and Steen will leave soon for Manhattan, where they will resume the management of the lease, which is producing high grade ore daily and gives promise of being one of the banner blocks in the Manhattan district.

OASIS BAR IS NOW IN NEW LOCATION

The Oasis saloon, which has been located just below the Miners' Exchange building, has removed across the street into the building formerly occupied by the Richieu saloon. The building has been completely remodeled and will prove one of the most comfortable thirst emporiums in the city during the winter months. Everything inside is spick and span and will appeal to the public. The old management, McFranklin & McNeill, will continue in charge.

The barber shop, conducted by I. F. Davis, has also moved and is occupying its new quarters adjoining the saloon.

PENNSYLVANIA STATION In New York City's Busiest Spot

BEGINNING NOVEMBER 27, 1910

New York Trains Over Pennsylvania Lines Arrive at and Depart from Pennsylvania Station

Downtown New York passengers may transfer to local trains at Manhattan Transfer (near Newark) and go by way of Jersey City Station, either through the Hudson and Manhattan tubes to the Hudson Terminal; or to Pennsylvania Stations at Cortlandt Street and at Desbrosses Street.

Through trains from and to the West connect in Pennsylvania Station with Long Island Railroad trains which include frequent service to and from Flatbush Avenue Station, Brooklyn.

Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money

Do You Know

That the Bonanza has an up-to-date Job Printing Plant and one of the best equipped Ruling and Binding Plants in the West?
